Dental office cleaning: what we clean

Bring this sheet when you walk the suite with us and tick each room for the evening list.

Practice _____ **Address** _____

Walked by _____ **Date** _____

Operatories

- ☐ Steps, order and products from your written protocol
- ☐ Patient chair from headrest to foot pedal
- ☐ Overhead light grip and arm, delivery unit
- ☐ Countertops, cabinet fronts, door hardware and switch plates
- ☐ EPA-registered disinfectant left for its label dwell time
- ☐ Staged trays and instruments left exactly in place
- ☐ Terminal cleaning of a room on a date you pick

Sterilization, imaging and lab bench

- ☐ Sinks, counters and floor in your dirty-to-clean direction
- ☐ Autoclaves and their loads left untouched
- ☐ Panoramic unit grips and surrounding counter
- ☐ Lab bench floor swept of stone and acrylic dust, then mopped

Reception and waiting room

- ☐ Front window and entry door polished
- ☐ Shelving and frames dusted
- ☐ Chair arms and check-in counter wiped
- ☐ Children's tables, toy bins and low surfaces
- ☐ Patient restroom fixtures, liner, paper and soap

Staff side

- ☐ Break room counter, sink, microwave and fridge handles
- ☐ Doctor's office and billing desk dusted around paperwork
- ☐ Charts, x-ray monitors and front-desk terminal left undisturbed
- ☐ Staff restroom cleaned and restocked
- ☐ Locker area and back hallway vacuumed or mopped
- ☐ Bins emptied into the building's trash

Floors

- ☐ Resilient floors damp-mopped each visit
- ☐ Periodic scrubbing on a set calendar
- ☐ VCT stripped and refinished during a planned closure
- ☐ Waiting-room carpet vacuumed, with scheduled extraction
